A Newsletter for the Orchard View Community

FALL 2021

Dear Students,
Staff, and
Community
Members:

I am excited to welcome you back to what promises to be an exciting, educational, and productive 2021-

22 school year. Classes begin on Tuesday, August 24th with orientation days occurring at different dates and times in each building. If you have not received information on student orientation days please contact the office staff in your child's building to request the information and paperwork. **We are very excited to see all our returning students and to welcome many new students to Orchard View Schools.** We will again be offering all students (K-12) FREE BREAKFAST and LUNCH this school year, if you would like more information on this program please contact our food service department at 760-1550.

The past couple months we have been busy preparing for a great start to the 2021-22 School Year. I truly hope your summer vacation leaves you rejuvenated and ready for the new school year at Orchard View. As many of our staff, students and families eagerly await a return to a more traditional school day, we know that is not true for all. At Orchard View Schools we again plan to meet the needs of all our students by offering virtual options at most grade levels.

I am also very excited about all the new faces that will welcome your children back to school. Orchard View has hired several new administrators, teachers and support staff who are eager to serve the mission of educating our children and preparing them to meet the demands of

an ever changing world.

As the beginning of the new school year approaches, we look forward to the first day of school, with all the promise and excitement that comes with it. **Classes will begin on Tuesday August 24** at each building. Please note the daily schedule has changed from last year so you might want to **check start and end times** for the school day. It is my expectation that together, our community of parents and staff will do everything possible to provide an outstanding learning experience this year to our students at Orchard View Schools.

I want to thank the OVEA and OV-MESPA for their help in creating a school calendar that meets the needs of our children, while satisfying the requirements of the Michigan Department of Education. The calendar this year will include a series of "LATE START" days throughout the school year that will be utilized for parent-teacher conferences, planning, and staff professional development. As in the past, a calendar with these dates as well as all school dates can be obtained at each building. If you are unable to obtain a small

student calendar from your child's office, please contact the Orchard View Central Office at 760-1300.

As always thank you for being a wonderful community that continues to take pride in the school district and the students who attend Orchard View.

I want to wish each of you a wonderful school year filled with great educational experiences, and I look forward to seeing all of our children prepared for future success through the educational opportunities to **Discover, Learn, and Succeed** provided by the exceptional staff at Orchard View Schools.

Sincerely,
Jim Nielsen, Superintendent

Great News!

Our schools will receive free breakfast and lunch five days a week through our partnership with Chartwells. Look for upcoming information regarding how our virtual students will pick up meals.

 3:59 pm - 687 S Brooks
 4:01 pm - 2872 E Apple
 4:03 pm - E Hall & S Darwin
 4:04 pm - E Hall & S Densmore

All students must complete a transportation form to ride a bus. Forms can be found on our website under the TRANSPORTATION tab.

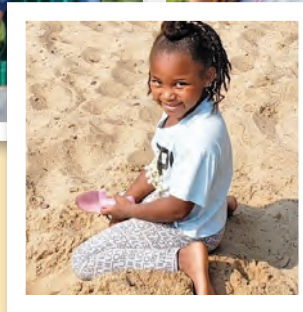

Radical Acts of Education!

This summer was an exciting time in Orchard View! We saw our **Summer Acceleration** program come alive with the types of hand-on learning kids love to take part in. From learning about mechanical and technical concepts by building and racing remote controlled cars, to taking part in an outdoor survival camp, where they learned to make spears, and how to cook fish over an outdoor fire, our incredible OV staff provided incredible and creative opportunities to grow and learn. It made me wonder if school couldn't be more like this during the year.

I hope you'll join me in taking a moment to reflect on some of your fondest memories from school. Many of the things that stand out in my mind are the classes and times when we stopped regurgitating information and started creating or making something to show what we had learned. Too often we hear the argument that we have to "get kids ready for the test." After watching our staff and learners grow this summer, it reinforced for me that the test really isn't the priority and that my child and yours will always be so much more than a score.

This summer was a time for radical acts of education, and I sure hope they continue this Fall!

Dr. Simeon Frang, Assistant Superintendent

PEST MANAGEMENT SYSTEMS

Orchard View Schools and daycare centers have adopted an Integrated Pest Management Systems. Inherent with this are the District's efforts to reduce pesticide use as much as possible.

While it may occasionally be necessary to apply a pesticide, this program does not rely on routine pesticide applications to resolve problems. We use various techniques such as habitat alteration, sanitation, mechanical means, exclusion, etc. to prevent pest from becoming a problem.

As required by Michigan law, you will receive advanced notice of non-emergency application of a pesticide (insecticide, fungicide, or herbicide), other than bait or gel formulation, which is made to the school, school grounds, or buildings. This advance notice of a pesticide application will be given 48 hours before the application by the following methods:

1. Posting at the primary entrance to your child's school. The entrances that will be posted are main entrance and those that have a side walk that leads directly to a parking lot.
2. Posting in the common area located by the main office of the school.

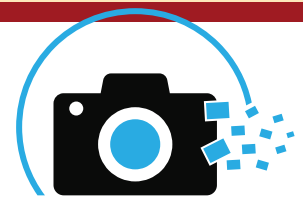

Please note that notification is not given for use of sanitizers, germicides, disinfectants or anti-microbial cleaners.

In certain emergencies, such as a an infestation of stinging insects, pesticides may be applied without prior notice to prevent injury to students, but you will be promptly notified following such any application, via the two posting methods above.

You may review the district's integrated Pest Management System and records of any pesticide application upon request by contacting **Jack Timmer**, *Facilities Director* at 231.760.1301 or via email at jack.timmer@orchardview.org

Parents or guardians of children attending the school are entitled to receive the advance notice of a pesticide application, other than a bait or gel formula, by first class United States mail postmarked at least 3 days before the application. If you would like to be notified by mail, please email jack.timmer@orchardview.org or call 231.760.1301. Please give your name, mailing address and what school(s) your child or children attend, and they will put your name on the advanced notification by US Mail list.

PUBLISHED PICTURE/ SOCIAL MEDIA RELEASE

Orchard View School publishes a quarterly publication to keep parents and community members current with district happenings and news. This publication is called the **Extra Edition** and is mailed to over 6,000 homes within the district.

We also have a large following on Facebook to keep our community informed. If for any reason you would **NOT** like your child or children to be pictured in any publications or on social media, please make the school office aware of this in writing.

ASBESTOS MANAGEMENT PLAN AVAILABILITY FOR PARENTS, TEACHERS, AND EMPLOYEES

Our school district has conducted an extensive asbestos survey of all of our buildings. From this, a comprehensive management plan was drafted. This plan details the response actions that the district will be taking regarding asbestos containing materials found in our buildings. This plan will be available for inspection at our offices without cost of restriction after acceptance of the plan by the state. If you desire to have a personal copy, please notify us in the OV Central Office and it will be supplied to you within five business days at a cost of .30 cents per page.

Central Office is located at:
35 S. Sheridan Drive, Muskegon, MI 49442

We have endeavored to make our schools a safe place in which students can learn. Our procedures for dealing with this problem reflect that concern.

Please let us know if we can answer any questions.

Jack Timmer, Designated Person & Asbestos, Plan Manager
