ATTENDANCE POLICY

Orchard View Schools believes that regular attendance is essential and a major factor in the academic success of each student. Therefore, students enrolled at the high school are expected and required to attend school everyday. The active participation and interaction by students in the classroom is an essential part of the instructional process and may only be experienced through regular school attendance. Through the cooperative efforts of parents and the high school, it is hoped that each student will develop and maintain attendance habits and attitudes, which will be essential to his/her present and future success. The office will request homework when students are absent two or more consecutive days after communication with parent/guardian.

More than eleven (11) non-school related absences may result in a failing grade for the semester. Students who receive more than eleven (11) absences need to refer to page 13.

Perfect Attendance – The only absences that do not count against perfect attendance are school related absences.

ATHLETICS

Participation in athletics is a privilege offered to the students of Orchard View. To be an Orchard View athlete you must do more than make a team or participate in a contest. A high school athlete has to be dedicated, enjoy being challenged, and give 100% every day on and off the field. An athlete must strive to do well in the classroom and must maintain the academic requirements prescribed by the Michigan High School Athletic Association. The teachers, coaches, and administrators of Orchard View are committed to helping each athlete to be the best they can be. Each athlete must make the same commitment.

Athletic Message: As an athlete at Orchard View, you will be held in high esteem by your peers and community. You will be expected to be a leader, to exhibit self-control, and self-discipline in all situations. You will need to develop a strong sense of character, and let this guide you as you face decisions in and out of athletic competition. When you wear the Red and Gray of Orchard View, we expect you to assume the responsibilities that go with them. Keep in mind that many times during your years at Orchard View, our school will be judged by your actions and attitudes.

The athletic program includes: basketball, baseball, bowling, cheerleading, cross-country, football, golf, soccer, softball, track, volleyball, and wrestling. All students participating in athletics shall be required to meet the school regulations and standards as outlined and distributed by the Orchard View Board of Education.

If a student-athlete is failing two (2) or more classes when checked s/he will be declared ineligible for competition for that week during the season of that sport (Monday through Saturday).

For a student-athlete to be eligible for the semester, s/he must have passed a required four (4) semester classes the preceding semester.

For more detailed information on athletics, see the O.V. athletics handbook.

AUTOMOBILE PRIVILEGES

Students who drive a motor vehicle to school must know and obey the following rules: Each student must park in assigned parking areas only (student parking lot located on the west side of the building, or the Quarterline side of the building). Reckless driving, parking in fire lanes/handicap spots/staff lot may result in disciplinary action taken by the administration and/or revocation of driving privileges on school property. Any vehicle brought on district premises by a student may be subject to search when the school authorities have reasonable suspicion to justify the search.

BULLYING

Bullying of a student by other students or any member of the staff is a violation of policy. In addition to sexual harassment, which includes unwelcome sexual advances or any form of improper physical contact or sexual remark, bullying shall also include any speech or action that creates a hostile, intimidating or offensive learning environment. Bullying of any kind will result in disciplinary proceedings. A student who believes that he/she has been subjected to bullying should promptly notify the building principal, guidance counselor, teacher, or staff person. **Bullying can include cyber-bullying.**

CAFETERIA

A well-balanced, well-prepared lunch is served each day in the school cafeteria on a non-profit basis. A hot lunch is available to all students in the Orchard View School District every full day school is in session and a breakfast is available everyday, including early release days of school. We utilize a debit card system that allows students to prepay for lunches in any amount and deducts the lunch price as it is used. All students must use their ID card to purchase a lunch. This is not a credit card system. Students are not allowed to charge. If a student loses their ID card they must contact the main office for a replacement card. The cost for a replacement is \$5.00 per replacement incident.

Orchard View Schools provides meals free or reduced to students whose families find it difficult to pay the full price. In order to qualify for these meals, a student's family income must be within the guidelines set up by the Federal Government. Applications must be on file with the food service department and completed yearly. The school will also take into account unusual circumstances such as illness or death in the family, temporary disability, seasonal unemployment, etc. in determining eligibility.

CLOSED CAMPUS

Students are required to stay on high school grounds for the entire school day. Exceptions are for classes or events scheduled off campus. All students are required to have lunch on school grounds unless they have a scheduled class off campus during lunch. Students who don't observe closed campus MAY lose driving privileges or face disciplinary action. The administration MAY offer seniors the privilege of having lunch off campus second semester depending on student behavior.

COMMUNICATION DEVICES

Cell phones and other electronic devices may be used during passing time and lunch. A cell phone violation will occur when students are using their cell phone/electronic device when they are supposed to be in class.

Students not assigned to a class may use their cell phone/electronic device in non-carpeted areas or the library as long as it does not disrupt the other learning taking place throughout the building. Use of cell phones/electronic devices in the classroom will be at the individual teacher's discretion. Violations of individual teacher's policies will be handled by the teacher. Referrals to the office will result in:

1st offense – confiscation of the device for the remainder of the school day and a phone call home.

2nd and subsequent offenses will result in an after school detention or Saturday school.

CAREER CONNECTIONS REQUIREMENTS (Community Enrichment)

The administration is recommending the following requirements for this program:

1. Students must complete 40 hours of service/job shadowing before the 2nd Friday in April, of their senior year. Service may begin the summer prior to a student's freshman year.
2. Students enrolled after their freshman year will have their hours prorated equivalent to ten (10) hours per year of enrollment.
3. This service must be performed outside of school hours unless it is pre-approved job shadowing.
4. No compensation can be received for hours earned.
5. Service towards family members will not be counted.

DIRECTORY INFORMATION NOTIFICATION

In addition, pictures or videos of your child may be taken while at school. These pictures and videos may be printed or broadcasted.

All formal wear is subject to Administrator approval at their discretion.

*Exceptions may be made for particular classroom instruction by approval of instructor.

DUE PROCESS PROCEDURE

In situations involving violations of the student code of conduct (expectations), when a suspension is warranted, the student and the parent will be notified of the specific violation. The student shall receive a hearing in which he/she is informed of the charges against him/her and shall be given the opportunity to reply to those charges. An administrator or his/her designee shall keep disciplinary records and reach a determination based upon this information what type of disciplinary action, if any, will be taken. The following seven factors will be considered before determining a consequence; age, disciplinary history, disability, seriousness of behavior, whether behavior posed safety risk, restorative practices, and/or whether lesser intervention would address behavior. The student and parent/guardian will be notified of the administrator's decision. The notification will describe the violation and the resulting consequences. The student and the parent/guardian have the right to appeal the decision to the principal (if not involved in the original decision) or the superintendent. An appeal should be lodged in a timely manner. The student is subject to the disciplinary action during the appeal process. The administrator who receives the appeal, will review the evidence, reach a decision in a timely manner, and inform the parent/guardian of the decision.

EXPULSION AND SUSPENSION

Any student who is to be expelled from school, or suspended, shall have the right to request a hearing. The school board will be represented by the building administrator, the school attorney, if requested, as well as those of his/her professional staff that he/she may ask to be present. The student will have the right to counsel, to call witnesses, to cross-examine, to remain silent, and the right to appeal any decision. Any student who is suspended may not attend any school function during that time or be on school property.

FINES AND FEES

It is essential to resolve fines and fees in a timely manner at Orchard View High School. Fines and fees must be paid in full to the main office before a student will be allowed to participate in all extra curricular events including, sporting events, dances, summer school, and graduation.

GANG LANGUAGE

RULES OF CONDUCT REGARDING GANG BEHAVIOR

Students, parents, and staff value learning and success for all students. It is because of this commitment that students shall not be permitted to engage in behaviors at school, while on school property, or at school related activities that promote gang, or gang-like, behaviors.

Gang activity is defined as, “organized individual or group behaviors associated with belonging to a band of youths that promotes juvenile delinquency, and which has an adverse effect on the school and learning environment”.

This “no tolerance” regulation includes behaviors such as:

1. Making gestures such as hand signals leading to violent behaviors (i.e. fighting, shouting confrontations, individual or group conflicts, standoffs, etc.)
2. Possession of weapons (as described in State law regarding prohibitions of “weapons” in schools.)
3. Displaying gang symbols on one’s body, clothes, possessions, vehicle, locker, or other school property.
4. Any other activities deemed to be gang related (discretion of administration).

Because gang activity by its nature is often subtle or covert, the administration reserves the right to determine which behaviors, dress, or activities are gang related.

Gang Related Disciplinary Procedures

When a student is observed doing gang related behaviors, the following will occur:

First Offense:

The incident will be discussed with the student, a record will be maintained by the administration, information will be shared with the police, and a parent-administrator conference will be held. ***In cooperation with area Police**, students may receive the “First Offense” consequences for gang related behavior for their actions in the community. In this event, the first incident of gang related behavior in the school will result in “Second Offense” consequences.

Second Offense:

The student will be suspended out of school for ten (10) school days, information will be shared with the police, and normal re-entry procedures will be implemented.

Third Offense:

The student will be suspended for a period of ten (10) school days, information will be shared with the police, and a recommendation for expulsion may be made to the Superintendent.

GRADING

Grades are an evaluation of what you have learned. They become part of a permanent record that lasts as long as you live. Institutions of higher learning, potential employers, and various military services are all interested in your high school records. We only record them - you earn them. **Recommended Grading Scale:**

| | |
|----|------------|
| A | 100-93% |
| A- | 92-90% |
| B+ | 89-87% |
| B | 86-83% |
| B- | 82-80% |
| C+ | 79-77% |
| C | 76-73% |
| C- | 72-70% |
| D+ | 69-67% |
| D | 66-63% |
| D- | 62-60% |
| F | below 60% |
| I | Incomplete |

Since all courses are semester courses, grades earned at the end of each semester are final grades and become part of the student’s record. A semester grade is comprised of two 9-week marking periods each worth 40% and a final exam worth 20%.

Students receiving a grade(s) of “incomplete” at the conclusion of any semester will have one week from the last day of the semester to complete the necessary requirements to change the grade(s). Any incomplete grade that is not resolved within one week after the

conclusion of the semester will be recorded as a final grade of “F”. In case of extenuating circumstances, approval for an extension of the period may be granted. Students receiving incomplete grades at the conclusion of each semester may not appear in the published honor roll.

GRADE PLACEMENT

Students will be placed in grades based on their number of years in high school. It is important that students and parents understand that a student’s grade placement does not mean they are on track to graduate, it simply indicates the number of years in high school. Graduation is still based on credits. Students and parents will want to continue to track their credits earned.

SUPPLIES AND BOOKS

Textbooks will be issued in your classes. You are responsible for these books. All books must be accounted for at the end of each semester. If a student has lost, destroyed, or damaged a book he/she will be charged accordingly.

TESTING OUT POLICY

The Board of Education of the Orchard View School District acknowledges that some pupils may have acquired knowledge or skills at levels that would allow them to demonstrate a reasonable degree of mastery without taking specified courses. Further, Sections 1279 B and E of the School Code of Michigan have been amended to allow such students to request an opportunity to demonstrate such mastery. It is the intent of the Board of Education to extend to all pupils the opportunity to demonstrate mastery in the range of courses offered at Orchard View Schools, and to allow for the most efficient and effective use of instructional time. Students may request the opportunity to test out of any class for credit. There are 2 testing windows. The first is on the Monday before Labor Day. Signing up for this must take place at least a week before exams in June. The second window is on exam days at the end of the 2nd semester. These tests may be the final exam for the course, but may also involve other assessments or tiered testing activities such

as speeches, portfolios, demonstrations, projects, essays, or labs. This is determined by each high school department. The intent is to ensure that the required content expectations for that course are accurately assessed. A minimum score of 77% on the entire test is required in order to receive credit. If a student is successful in passing the test, a letter grade will not be issued, but an indication of credit (CR) will appear on the transcript. **A student will only be allowed to attempt a test-out in a given class one time.** If you sign-up to test out and do not show, you forfeit your testing out privilege for 1 year. All tests a student signs up for must be completed, otherwise the student forfeits their testing out privilege for one (1) year.

TRANSPORTATION

“The School Code” does not intend transportation to be an absolute right available under all circumstances that could not be forfeited by some act on the part of the student. Students are to be aware of the transportation “policy and consequences of misconduct”, and the possible forfeit of their right to transportation.

STUDENT CONDUCT SECTION

EXPECTATIONS (RULES) FOR STUDENTS

It is very difficult, if not impossible, to list or state what is “acceptable” behavior, good conduct, proper citizenship characteristics, and the like. However, in an effort to give the student a general idea of what is expected of him/her, we offer the following as guidelines. These guidelines will be followed by the staff and administration, but may be modified at the discretion of the administration.

I. ATTENDANCE AND PUNCTUALITY

Students are expected to attend school and classes regularly and on time. Parents are legally responsible to have their children in school.

II. APPROPRIATE LEARNING ENVIRONMENT

Students are expected to behave in a manner that permits teachers to teach and students to learn without interference or disruption.

III. CONTROLLED SUBSTANCES (DRUGS/ALCOHOL/TOBACCO)

Students are expected to bring to school only those materials necessary for instructional programs, athletic and other extra-curricular activities. Students will not possess controlled substances or medication prescribed for another person while at school or at school events.

Possession or use of tobacco products by any age student on or about school premises or at any school activity, including club meetings without regard to their location, is prohibited.

IV. PROTECTION OF PROPERTY

Students are expected to recognize the property rights of other students, staff members and the public by: 1) using property (equipment) only for its intended purposes without damage to the property; 2) using property belonging to others only with permission of the owner or person in charge of the property; and 3) reporting to school officials situations which may result in damage to loss of, or misuse of property.

V. PROTECTION OF PHYSICAL SAFETY AND MENTAL WELL-BEING

Students are expected to behave with respect for the educational climate and to promote respect for the physical safety and emotional well being of other students and staff. Students are expected to resolve conflicts by discussion, problem-solving techniques, and to seek assistance from staff members as needed.

APPLICATION OF SCHOOL RULES

District rules apply to students whenever they are:

- Present in any school or on property of the school district
- At any school-sponsored activity, regardless of its location
- Traveling directly to and from school.

Destruction of school employee property, whether at school or away from school is considered a violation of the student code of conduct.

Physical assault against any school employee, whether at school or away from school property is considered a violation of the student code of conduct.

It is our duty to see that the school environment is one which is conducive to learning; it is our duty to protect the rights and privileges of all members of the school community; it is our duty to help each student grow to become a responsible, self-disciplined person, able and willing to assume his/her role as a law abiding citizen in a democratic society. In order to carry out our duties, it is at times necessary to discipline those individuals who are destructive of our goals. This is why we have “Discipline Policies.”

Discipline policies should be viewed positively rather than negatively. The school does not wish to punish a student; the school does not wish to deprive a student of an education. Our goal is to help each student become a contributing member of the school community, to help each student grow toward self-discipline, to help each student achieve acceptable behavior, and to learn to respect the rights of others and the worth and dignity of each individual. We have sufficient supportive personnel to help each student who seeks and needs assistance. For the student who does not desire such assistance or refuses to adhere to school policies, it may be necessary to sever his/her relationship with the school in order to protect the individual or other members of the school community. We will not hesitate to do this, if we deem it necessary.

POLICIES AND PROCEDURES REGARDING STUDENT EXPECTATIONS (INCLUDING DISCIPLINE)

The following information describes procedures and/or policies pertaining to each Student Expectation. With the intent of establishing consistency and improving communication between students, parents, faculty, and administration, examples of conduct that violate each student expectation have been included.

STUDENT EXPECTATION #1

ATTENDANCE AND PUNCTUALITY

ATTENDANCE POLICY

Orchard View Schools believes that regular attendance is essential and a major factor in the academic success of each student. Each student will develop and maintain attendance habits and attitudes, which will be essential to his/her present and future success. Therefore, students enrolled at the high school are expected and required to attend all classes everyday. **Students who receive more than eleven (11) absences need to refer to page 13.**

TYPES OF ABSENCES

The high school will accept documentation for absences such as illness, professional appointments, required court attendance, funerals, and any other such good cause as may be acceptable to the Principal or the Principal's designee.

EXCUSED ABSENCE (EA): An absence that is excused by a parent within a 24-hour period.

LEFT EARLY (LE): An absence that occurs when a student leaves class 20 or more minutes before the end of class.

SCHOOL RELATED (SR): An absence that occurs as the result of a school sponsored activity. Any student who is absent from school due to a school related activity must contact the teacher(s) to clarify/obtain/submit any assignment expectations. Seniors are allowed two School Related college visits during the school year, verification from the college must be turned in to the office prior to college visit. This does not include group visits with school.

UNEXCUSED ABSENCE (UA) (TRUANCY): Any absence or situation where neither the home and/or the school can verify the absence. This is considered skipping and will result in disciplinary action (stage 1).

VERIFIED ABSENCE (XT): An absence that can be documented by professional appointment/required court attendance, funerals, or an illness that requires a medical office visit. Other verified absences must show good cause and be acceptable to the principal or the principal's designee. Documentation for verified absences need to be in the main office within one week of the student's return to school.

PROCEDURE FOR REPORTING ABSENCES

Parents/Guardians must call or provide a written excuse no later than to 3:30 p.m. on the day following the absence. This is the responsibility of the Parent/Guardian. Messages may be left 24 hours a day at 760-1400.

PRE-ARRANGED ABSENCES

Pre-arranged absence forms are available in the main office and must be completed and submitted to the office prior to the date of the absence. Arrangements for missed work must be made with the teacher(s) prior to the absence.

ILLNESS AT SCHOOL

When an illness at school occurs, the student must report to the office immediately where appropriate assistance will be taken on the student's behalf.

SIGNING IN/OUT OF SCHOOL

Students who must leave school during the regular school day must sign out in the office before leaving. A note from a parent/guardian or a phone conversation between parent/guardian and school official or secretary is mandatory before the student leaves the building. This is the only process, which will excuse the absence. Students who arrive after school has started must sign in in the main office.

Signing in/out when a student has reached the age of 18, and is a senior, is a privilege. If students sign in/out for reasons not deemed legitimate by administration, the privilege can be revoked.

TARDIES (T): A tardy is defined as failing to be in a place of instruction within the first ten minutes of the assigned time. Failure to report in excess of the ten minutes will be considered an unexcused absence. Students purposely missing the entire class will be considered truant.

It is the student's responsibility to secure the proper pass for late admittance to class. Tardies can be excused if the student is legitimately detained by a staff member and a pass is secured in advance of reporting to the next class.

Six (6) unexcused tardies to any class will result in 1 detention assigned at the discretion of the teacher (i.e. – after school detention, lunch detention, or supervised by the assigning teacher).

Seven (7) unexcused tardies to any class will result in a 2 detentions assigned by the teacher.

Eight (8) unexcused tardies to any class will result in a referral to the high school office for after school detention or Saturday school.

Additional **unexcused** tardies will result in referral to the high school office for further disciplinary action by the administration.

EXCUSED TARDIES (ET): Students may have four (4) excused tardies for their first hour class. Parents/Guardians have 24 hours to excuse their tardy.

GRADING PROCEDURES (AS RELATED TO ABSENCES)

Work missed is the responsibility of the student. Students who are absent shall consult their subject teachers upon their return to school concerning make-up work. The student will be given one (1) day to make up work the student was previously unaware of for each day's absence. A teacher shall have the option to allow additional time if deemed necessary. If the student fails to comply with this rule, the result shall be a zero (0) for the work missed. The following information describes the relationship between various types of absence and credit:

- **EXCUSED/VERIFIED/SUSPENSION ABSENCES:** 100% credit can be earned upon the successful completion of the make-up work.
- **UNEXCUSED ABSENCE (UA):** (TRUANCY): No credit will be awarded. However, it is expected that the work missed will be completed to help ensure future success in the class(es).

EXCESSIVE ABSENCE POLICY (MORE THAN 11 ABSENCES IN A SEMESTER)

- If a student has 12 or more absences, they must receive a 77% on the **comprehensive** final exam to earn the right to have the grade calculated. If the teacher doesn't give a comprehensive final, the comprehensive final is considered an average of all unit tests throughout the semester.
- If a student has 12 or more absences, receives a 77% or better on the **comprehensive** final, but the class average is less than 60%, they receive an F on their transcript, but receive credit for the class.
- If a student has 12 or more absences, receives less than 77% on the final, they fail the class.
- If a student has 12 or more absences and does not take the final, they fail the class automatically.
- Orchard View High School does not recognize part time students. If a student continues to be excessively absent after 12 absences, they may be subject to a board expulsion hearing.

ATHLETIC ATTENDANCE (see OVHS Athletic handbook for more information)

- A student-athlete must be present by the start of their school day on the day of interscholastic competition in order to compete in that day's activities (i.e. practice, games, etc.) The Principal, Assistant Principal, Athletic Director or Assistant Athletic Director may grant exceptions (i.e. Doctor appointment, funerals, family emergencies, etc.). Consequence: Suspension from that day's practice or contest.
- If a student-athlete goes home sick, s/he will not be allowed to participate in practice or competition for that day.
- An athlete who is suspended from regular classroom attendance for six (6) class hours or longer (this includes both in-school and out-of-school suspensions) may not practice or take part in interscholastic competition during said suspension. Consequence: Suspension from that day's practice or contest.
- Athletes must have excellent attendance in school. If absenteeism from class becomes a problem, the Athletic Director can deny the athlete the privilege of attending practice or games.
- Coaches may impose their own CONSEQUENCES for players missing practice or games.

COMMUNICATION BETWEEN HOME AND SCHOOL

It is vital that communication between the school and the parent/guardian remain timely and informative. Parent(s)/Guardian(s) who call the school as prescribed by the attendance policy save time and ensure that their son's/daughter's re-admittance to class the next day is smooth and efficient. Also, becoming familiar with school district policies and procedures by attending parent meetings and reading the materials sent home for your information will also promote good communication.

Students and parents at Orchard View High School can also expect the following communication procedures:

The "autodial system" will attempt to automatically call home in the evening to inform parents of any absences, which are unexcused.

Personal office contact by telephone, letters, or a face-to-face conference may be warranted.

Any pattern of excessive absences may result in a parent/guardian conference with the administration to review the circumstances. Parents/Guardians should access PowerSchool to access up to date attendance information.

Occasionally, a parent or community member may wish to express an interest or register a complaint regarding a school matter. The following procedure provides an avenue for two-way communication and to deal with the request as expeditiously as possible.

- Step 1: Communicate with the employee involved.
- Step 2: If the issue is not resolved, communicate directly with the immediate supervisor. In most cases, this will be the Principal.
- Step 3: If satisfaction has still not been met, the issue should then be brought to the Superintendent.
- Step 4: If the situation is not satisfactorily resolved by the Superintendent, the complaint should be reduced to writing and communicated to the Board of Education.

It is the goal of Orchard View Schools to deal with issues as quickly and consistently as possible. In many instances, open communication will resolve the issue. Being aware of, and following, the procedure outlined above will help to reach this goal.
