

Mediation & Restorative Services

at the Brian Mattson Center for Restorative Justice

Substance Abuse Impact Panel

The Substance Abuse Impact Panel (SAP) is a program that informs youth of the harm that alcohol and substance use causes the individual, their families and the community. The youth will hear about the dangers and consequences of drug and alcohol use through real life examples of how substance use has affected others.

- ~ Panels are a one session presentation; it is not a treatment group.
- ~ The program lasts approximately two hours.
- ~ A parent or guardian must attend with their youth.
- ~ Participants will be charged a nominal fee to attend this program.

Please call our center at 231-727-6001 ext. 104 if you have questions, would like a referral form or if you or someone you know may be interested in sharing your experiences with the youth in the Substance Abuse Panel.
